

## Safeguarding Policy

### 1. Policy Statement

This policy is for use across The Club Squash and is to be observed by all staff, volunteers and consultants working with children, young people, and adults at risk.

This policy is fully supported by The Club Squash and its management team. If you have any questions in relation to this policy or require any clarification, please approach Hannah Hodgson.

The Club Squash acknowledges the duty of care to safeguard and promote the welfare of children, young people, and adults at risk, and is committed to ensuring safeguarding practice reflects statutory responsibilities, government guidance and complies with best practice and England Squash requirements.

The Club Squash aims to ensure that all children:

- a. have a positive and enjoyable experience of sport at The Club Squash in a safe and child centred environment regardless of age, ability or disability, gender reassignment, race, religion or belief, sex or sexual orientation, socio-economic background; and
- b. are protected from abuse whilst participating in squash or outside of the activity.

The Club Squash acknowledges that some children, including disabled children and young people or those from ethnic minority communities, can be particularly vulnerable to abuse and we accept the responsibility to take reasonable and appropriate steps to ensure their welfare.

The welfare and wellbeing of children and young people is of paramount importance and it is the duty of all adults working within The Club Squash, to safeguard the welfare of children and young people by creating an environment that protects them from harm.

The Club Squash will review this policy on an annual basis. All staff, volunteers and consultants are required to make themselves aware of any changes once implemented.

The Club Squash may also review this policy in the following circumstances;

- a. changes in legislation and/or government guidance;
- b. as required by the Local Safeguarding Children Board, UK Sport and/or Home Country Sports Councils, England Squash and World Squash Federation; and
- c. as a result of any other significant change or event.

This policy together with the appropriate safeguarding procedures will be widely promoted and are mandatory for everyone involved in The Club Squash. Failure to comply with the policy and procedures will be addressed without delay and may ultimately result in dismissal/exclusion from the organisation.

### 2. Policy Guidelines

The Club Squash and everyone working within The Club Squash recognise that it is their duty to observe this policy and the good practice guidelines set out below. This policy absolutely applies to volunteers as well as paid members of staff.

### **Recruitment and employment**

A robust recruitment process is required for all adults working or volunteering with children, young people and adults at risk regardless of whether they are involved in a regulated activity or not.

Following the requisite recruitment checks, this policy will be introduced to all staff and volunteers of The Club Squash in line with the new starter induction. These checks are likely to be in the form of DBS checks.

In addition, all those working or volunteering with children, young people and adults at risk in The Club Squash, will complete appropriate levels of introductory and ongoing safeguarding training.

### **3. Supervision and Training**

The Club Squash will provide training and resources to encourage the knowledge and development of staff and volunteers in relation to safeguarding training. There are currently no formal qualifications for safeguarding and protecting children in sport. However, The Club Squash will follow England Squash, CPSU and WSF training and guidance.

#### **4. Whistleblowing**

It's important that people within The Club Squash have the confidence to come forward to speak or act if they're unhappy with anything.

Whistleblowing occurs when a person raises a concern about dangerous or illegal activity, or any wrongdoing within their sports organisation. The NSPCC has a whistleblowing advice line to support professionals who have concerns about how child protection issues are being handled in their own or another organisation.

More detail can be found in the Whistleblowing Policy.

#### **5. Complaints**

In order to ensure we develop an open culture where children and staff feel able to express any concerns, we have a procedure for dealing with complaints from a child, worker, volunteer, parent or carer.

This should be linked to the organisation's complaints procedures, ensuring the provision of support and advocacy for the people involved.

## **APPENDIX 1**

### **1. Poor Practice in Sports**

Poor practice is behaviour of an individual in a position of responsibility which falls below the organisation's required standard (typically as described in the club/organisation's Code of Conduct). Poor practice may not be immediately dangerous or intentionally harmful to a child but is likely to set a poor example and is still unacceptable.

Poor practice is potentially damaging to the individual, the organisation and to children who experience it. For example, coaching with alcohol on the breath, smoking, swearing in front of children, or not paying due care and attention to participants all constitute poor practice. Poor practice can sometimes lead to, or create, an environment conducive to more serious abuse. It may also lead to suspicions about the individual's motivation, even where no harm is intended. For example, if a coach is giving one child too much attention, regularly transports children in their car, or encourages physical contact with children without obvious justification. The following are regarded as poor practice and should be avoided:

- Unnecessarily spending excessive amounts of time alone with an individual child/ young person
- Sharing of emails address, phone numbers, texting, social media sites etc
- Using language that might be regarded as inappropriate by the child/young person and which may be hurtful or disrespectful.
- Reducing a child/young person to tears.
- Letting allegations made by a child/young person go uninvestigated, unrecorded, or not acted upon.
- Taking a child/young person alone in a car on journeys, however short. Parental consent must always be obtained for transporting. Further guidance can be found on the England Squash website.
- Persistent criticism of children or young people
- Placing unrealistic expectations or excessive pressure on children or young people
- Persistently acting in a hostile or intimidating way

The above list is not exhaustive.

If, during your care, you accidentally injure a child/young person at risk, they seem distressed in any manner, or misunderstand/misinterpret something you have done, report these incidents as soon as possible to the designated lead officer in the organisation and make a brief written note of it. The designated lead will then ensure this is acted upon and case noted kept securely for any future reference.
